

MOHAWK MEDBUY

OHTconnect™

Supply Savings Program
for Ontario Health Teams

Getting Started

OHTconnect™ is a program that gives participants of Ontario Health Teams access to large-scale Mohawk Medbuy contracts that hospitals use to purchase their supplies. It's a convenient, easy-to-use source for all your day-to-day needs.

See the following page for your three easy steps to get started.

3-Way agreement
for savings access

Simple account
set-up form

Orientation session
for online ordering

Get onboard and start saving in three easy steps

1

Sign the Mohawk Medbuy Associate Agreement & Complete the Assortment Needs Assessment

To participate in the **OHTconnect** Program, you must be sponsored by the Mohawk Medbuy Corporation (MMC) Member hospital on your Ontario Health Team. Your OHT administrator can provide a copy of our MMC Associate Agreement to sign – which opens the door to the savings and convenience of **OHTconnect**. We also need your completed Assortment Needs Assessment Form so we know your product requirements.

2

Complete the Account Set-up Forms

The Stevens Company is our distribution provider for the **OHTconnect** Program. After receiving your signed MMC Associate Agreement, we'll provide the Account Set-up Form for you to complete. Stevens will use that information to give you access to the **OHTconnect** online store, and set up your billing and delivery information.

3

Schedule Your Program Orientation

OHTconnect features hands-on support to get you up and running quickly on using the online store. We'll schedule a walk-through of the process for you and the people on your team who do your ordering. You'll also have a dedicated Stevens representative to answer any questions going forward.

Want more information about how **OHTconnect** works? Check out our [FAQs](#).
